

# Lesson 3: Activity Sheet 2: PARTS of a SKYSCRAPER

NAME \_\_\_\_\_

DATE \_\_\_\_\_

- ▶ The Gillender Building on Wall Street was built in 1897. After only 13 years of existence, it was demolished to make way for the Bankers Trust Building. Below is an image of the building during its demolition, revealing parts of a skyscraper we don't normally get to see. Label each part along the line provided. Use the words **beam**, **column**, **skeleton frame**, **facade**, **foundation**, and **steel**.
